**FINAL PHASE:

What started as a dream, became a prayer and turned into a reality with the move to our Forever Home in May 2023 after the little barn and fences were complete. Our main barn and covered riding arena were completed in November of 2023, the round pen in December of 2023, septic, water lines, and stalls in June of 2024 and all the while we've remained functional in providing sessions.

We now excitedly need your help to finish outfitting the facility with everything it needs to be a welcoming haven for children, families, and young adults needing to experience hope and healing.

We have the following sponsorship opportunities available allowing us to complete the last phase of our Forever Home. We need your help to cross the finish line!

*Sponsors will be recognized with a special 11x17" plaque (customized as requested) near their area of sponsorship as a permanent way to memorialize their generosity.*

## Remaining Sponsorship Opportunities:
